

# Be vigilant: "Permis de Construire"

Once this has been dated there are only TWO MONTHS to react and get any objections logged. The countdown starts from the date recorded on the Permis, not the date it was displayed in the field.

Please:

- raise your objections immediately by recorded mail
- advise us at [info@eoliennesvideix.fr](mailto:info@eoliennesvideix.fr)
- let anyone else know who wishes to object

This is a critical time.
